PROFESSIONAL SUMMARY

Highly adaptable, enthusiastic, and hardworking Computer Technology student with comprehensive hands-on experience in software development, IT support, and data analysis. Leverages technical knowledge and advanced problem-solving capabilities to streamline business operations, optimize database infrastructures, and meet strategic corporate growth metrics. Deeply passionate about digital transformation and engineered to thrive in collaborative, high-velocity environments.

PROFESSIONAL & TECHNICAL SKILLS

Software Development	Strong programming foundations in Kotlin (Jetpack Compose), Python, Java, C, C++, VB.NET, React, Express and Node.js.
Database Management	Relational database design, structural query development, optimization, and administration (Postgre DB, MySQL & MongoDB).
Data Analysis & Viz	Expertise in data parsing, trend analysis, automated report generation, and professional dashboards.
IT Infrastructure	Hardware diagnostics, custom system configuration, network administration, and CCTV security deployment.
E-Government Portals	Expert navigation and execution within Kenyan public service platforms (KRA iTax, E-Citizen, Passports).
Core Competencies	Project leadership, cross-functional collaboration, agile teamwork, and strategic time management.

PROFESSIONAL EXPERIENCE

Junior Data Analyst | Doodle Solutions

- Conducted precise data analysis and built robust database queries utilizing MySQL and MongoDB to empower operational decision-making.
- Designed, synthesized, and presented clean data visualizations and structured enterprise business intelligence reports.

IT Support Specialist | Daima Dairy Plant (Devyani Food & Industries Kenya Ltd)

- Installed, configured, and maintained system software and physical infrastructure hardware, including enterprise CCTV security frameworks.
- Provided end-to-end technical support for internet setups, network routing, and hardware/software cross-fault isolation.

- Administered, optimized, and systematically maintained internal databases to guarantee high data integrity and flawless availability.

Cybercafe Tech Support & Administrator | Rongai Cyber *(April 2020 – August 2021)*

- Diagnosed, debugged, and repaired complex software flaws and hardware failures across multi-terminal client networks.
- Managed high-volume administrative and e-government transactions, including KRA tax filings, E-Citizen submissions, and passport applications.
- Deployed, patched, and managed workstation OS profiles and applications to guarantee secure, uninterrupted daily business operations.

EDUCATION

Bachelor of Science in Computer Technology

Sept 2021 – Present

Multimedia University of Kenya

Kenya Certificate of Secondary Education (KCSE)

Jan 2015 – Apr 2019

Mama Ngina Kenyatta Secondary School

Kenya Certificate of Primary Education (KCPE)

2006 – 2014

Rongai Primary School

CERTIFICATIONS & TRAINING

- Software Development Program Certification — PowerLearn Project Organization
- Network Support, Security & Hardware Basics — Cisco Networking Academy
- Python, SQL (Intermediate), and Web Development Fundamentals — SoloLearn (Level 8)
- Academic Programming Foundations (C, C++, Java, VB.Net, MySQL) — Multimedia University
